

WELLACRE

21st March, 2019

Dear Parent/Carers,

We have observed an increasing amount of parents driving into the school grounds to drop off their sons in the mornings and again to collect them in the evenings. We are sorry to advise that we are not in a position to accommodate parents driving on to the school site as it is already extremely busy at these times of the day and we are concerned that the students' safety is being put at risk. Safeguarding is of the utmost importance to us and I am therefore requesting that you please refrain from coming on to the school site unless you have a pre-arranged meeting. We are aware that there is a minority of students who require assistance due to limited mobility, who may continue with their existing arrangements.

If you have a pre-arranged meeting with a member of staff there are assigned visitor parking spaces available for your use. We do request however, that if these are already occupied that you park in another free space unless they have been signposted for use by another client. The building where Reception is located is also leased to external educational providers and allocated parking spaces have been signposted for their use only.

We would like to take this opportunity to thank you in advance for your co-operation and request that you share this information with other family members who may help you out from time to time with the school run.

Thank you for your continued support.

Yours sincerely,

Miss M Wicks
Principal
