2020 school's own Provisional data using DfE 2019 Provisional Estimate based on Centre Assessed Grades (CAGs)  
2019 National Data sources – DfE National Tables 2019 All State Funded - boys

The EBACC refers to a specific combination of subjects, it includes:

- english language and literature
- maths
- the sciences
- geography or history
- a language

Students at Wellacre are encouraged to complete the EBACC suite of subjects and the option process allows for these choices to be accommodated, however students are not compelled to do a modern foreign language or a humanities subject.

Students are extremely well prepared for the next stage in their education, employment or training, with higher proportions than national in sustained education, employment or training. 98% of Year 11 2019 leavers met the duty to participate in learning and we expect the 2020 figures, published in December to be similar.
