

Report to the trustees and summary of audit findings

Wellacre Technology Academy Trust

Year ended 31 August 2018

1. Introduction

We are pleased to set out in this document our report to the trustees of Wellacre Technology Academy Trust for the year ended 31 August 2018.

Our responsibilities as auditors are set out in the International Standards on Auditing (UK and Ireland) ("ISAs"). We are responsible for forming and expressing an opinion on the financial statements that have been prepared by management with the oversight of those charged with governance.

The audit of the financial statements does not relieve management or those charged with governance of their responsibilities.

We have carried out our audit in accordance with the terms of our engagement letter dated 7 August 2014 in order to express an audit opinion for UK statutory purposes on the financial statements of Wellacre Technology Academy Trust for the year ended 31 August 2018.

In this report, we present the key findings from our audit, together with a commentary on the significant matters arising.

This report has been discussed comprehensively and agreed with Paula Bailey and Melanie Wicks.

This report has been provided to the trustees to consider and ratify on behalf of Wellacre Technology Academy Trust.

We accept no duty, responsibility or liability to any other parties, since this report has not been prepared, and is not intended, for any other purpose. It should not be made available to any other parties without our prior written consent.

2. Statutory audit communication

2.1 Objectivity and independence

We conducted our audit in accordance with the Code of Ethics of the Institute of Chartered Accountants in England & Wales and the Ethical Standards published by the United Kingdom Auditing Practices Board.

We have considered our independence and objectivity in respect to the audit for the year ended 31 August 2018.

In addition to auditing the financial statements we also provided, through other individuals, the following services to Wellacre Technology Academy Trust for the year ended 31 August 2018:

- Preparation of the statutory financial statements.
 - Audit of the EOYC return.
 - Preparation of the Annual Accounts Return.
-

We have outlined below the safeguards that we have put in place to ensure that these services do not cause any breaches in our independence and objectivity in relation to the audit.

Non audit service provided	Safeguards put in place to reduce the threat to our integrity, independence and objectivity
Preparation of the statutory financial statements	Internally the accounts are reviewed by a separate individual from those who have prepared the financial statements. The accounts are reviewed in full by those charged by governance of the academy trust to ensure they comply with ESFA guidance. Any accounting judgements required are made by the audit client.
Preparation of the Annual Accounts Return	The return is prepared from data in the statutory financial statements and as such is covered by those safeguards above.
Preparation of the EOYC return	This service is provided by a separate individual from those who have audited the financial statements.

Haines Watts charged £995 for completion of the Annual Accounts Return and £5,700 for the audit of the academy trust.

To maintain our independence as auditors we can also confirm that:

- Haines Watts, its partners and the audit team have no family, financial, employment, investment or business relationship with the company; and
- Audit and non-audit fees paid by the company do not represent a significant proportion of total fee income for either the firm or office.

We confirm that, in our professional judgement, the firm is independent within the meaning of regulatory and professional requirements and the objectivity of the audit engagement partner and audit staff is not impaired.

Wellacre Technology Academy Trust

Summary of audit findings for the year ended 31 August 2018

Legal and regulatory requirements

In undertaking our audit work we considered compliance with the following legal and regulatory requirements, where relevant:

- Companies Act 2006.
- Charities Act 2011.
- Academies Act 2010.
- Equality Act 2010 (Specific Duties and Public Authorities) Regulations 2017.
- Academies Accounts Direction 2016 to 2017.
- Academies Financial Handbook 2016.
- Statement of Recommended Practice, Accounting and Reporting by Charities (FRS 102).
- Applicable accounting standards.

2.2 Audit approach and materiality

Our audit planning has taken account of the issues highlighted through discussions with Paula Bailey, together with our knowledge and understanding of the academy trust.

We confirm that there were no restrictions on the scope of our audit procedures and we have been able to undertake our work as set out in our planning meeting.

In our planning we have taken account of the results of our risk assessments made in accordance with the guidance set by the ISAs. Our consideration of high risk areas is documented in full within section 3 of this report.

Wellacre Technology Academy Trust

Summary of audit findings for the year ended 31 August 2018

Based on this rigorous process we have used our professional judgement and formed a materiality level. A matter is material if its omission or misstatement would reasonably influence the economic decisions of a user of the financial statements and the value at which if errors, on their own or in aggregate, were uncorrected would result in a potential qualified audit opinion. The audit materiality of the financial statements as a whole has been set at approximately 1% of total incoming resources. We have considered this level of materiality based on the draft accounts for the year ended 31 August 2018 and are satisfied that it continues to be appropriate.

Underpinning materiality is a level of triviality, £1,000, at which any error or omission in excess of this value is recorded and reported to management.

In planning and carrying out our work, we applied a materiality level to Wellacre Technology Academy Trust of £43,000 based on 1% of income.

2.3 Accounting policies

In preparing the financial statements of the academy trust, directors/trustees are required under FRS 102 to review the academy trust's accounting policies on an annual basis to ensure they remain appropriate to the academy trust's circumstances and are properly applied.

We have reviewed the accounting policies selected and operated by the academy trust, and are satisfied that they are acceptable.

2.4 Significant findings

There were no matters that we feel need bringing to the attention of the finance and resources committee in this section.

2.5 Accounting estimates and judgements

The property is recorded in the accounts at valuation. The basis of the valuation is existing use value calculated on a depreciated replacement cost basis.

Depreciation is provided on a straight line and reducing balance basis on the cost of tangible fixed assets, to write them down to their estimated residual values over their expected useful lives.

The principal annual rates used were as follows:

Leasehold land	nil
Leasehold buildings	50 years straight line
Fixtures, fittings & equipment	7 years straight line
Computer equipment	3 years straight line
Motor Vehicles	4 years reducing balance

Local Government Pension Scheme - the academy trust's share of the LGPS assets is measured at fair value at each balance sheet date. Liabilities are measured on an actuarial basis using the projected unit method. The net of these two figures is recognised as an asset or liability on the balance sheet. Any movement in the asset or liability between balance sheet dates is reflected in the statement of financial activities. Details of the major assumptions used by the actuary in its calculation are shown in note 17 to the financial statements.

2.6 Funding position at 31 August 2018

Restricted general funds are those resources that have been designated restricted by the grant provider in meeting the objects of the academy trust and are restricted to both the day to day running of the academy trust and capital expenditure. The balance carried forward on this fund is a deficit of £1,302,000, being the pension deficit of £1,302,000.

Wellacre Technology Academy Trust

Summary of audit findings for the year ended 31 August 2018

Restricted fixed asset funds are those funds relating to the long term assets of the academy trust used in delivering the objectives of the academy trust. The balance carried forward on this fund is £22,509,000. Additional analysis of this fund by nature has been provided to comply with the Academies Accounts Direction.

Unrestricted funds are funds to which the governing body may use in the pursuance of the academy trust's objectives and are expendable at the discretion of the trustees. The balance carried forward on this fund is £612,000.

There are no uncorrected material errors or omissions in isolation or aggregate.

2.7 Reconciliation of audited surplus/deficit

The surplus/(deficit) per the financial statements has been derived as follows:

	£'000
Surplus/(deficit) per the draft trial balance	(200)
Audit adjustments:	
Accruals	(67)
Prepayments	90
Accrued income	37
Capitalisation of assets	7
Depreciation	(608)
Local Government Pension Scheme	(224)
	<u>(965)</u>
Surplus/(deficit) per financial statements	<u>(965)</u>

There are no uncorrected material errors or omissions in isolation or aggregate.

2.7 Significant difficulties encountered during the audit

We did not encounter any significant difficulties during the audit.

2.8 Accounting and financial control systems

During our audit we examined the design and implementation of the internal controls relevant to the accounting systems and procedures.

The review of internal controls was carried out with a view to expressing an opinion on the financial statements for the year and was not directed primarily towards discovering weaknesses or towards the detection of fraud. Therefore our comments on these systems include only those matters that have come to our attention as a result of our normal audit procedures, and consequently our comments should not be regarded as a comprehensive record of all weaknesses that may exist or of all improvements that might be made. Please refer to section 4 of this report.

2.9 Management representations

We include a copy of the draft management representation letter. There are certain specific representations which we are required by auditing standards to obtain from management as part of our audit procedures. In addition, we are required to obtain other representations on matters material to the financial statements where other sufficient appropriate audit evidence cannot be reasonably expected to exist.

2.10 Audit opinion

Based upon the findings and conclusions of our work, we expect to issue an unqualified audit opinion on the financial statements.

3. High risk audit areas

Issue	Audit risk	Audit procedures undertaken	Conclusion
Fund Accounting. Treatment of restricted and unrestricted funds. Funding providers will impose restrictions on the use of funds given to the academy trust. Such funds should be allocated to the statement of financial activities in accordance with guidance by individual funders	Incorrect disclosure of restricted and unrestricted reserves in the financial statements.	We reviewed the treatment of income and associated expenditure to ensure that funds relate to their specified category. Income and expenditure tested on a sample basis to confirm treatment correct. Review of income and expenditure headings on a line by line basis to ensure compliance with the Academies Accounts Direction.	There are no uncorrected material mis-statements in respect of the allocation between restricted and unrestricted reserves in the financial statements. No issues were found during our income and expenditure testing. Restricted and unrestricted income and reserves appear appropriate.
Eligibility of payroll costs	The payroll function is outsourced. Our knowledge of the academies market has shown some error risk posed over outsourced payrolls.	We performed analytical procedures to ascertain whether the salary costs for the year were in line with our expectations. In addition, tests of control to ensure key controls are being adhered to.	Payroll costs in the financial statements do not appear to be materially mis-stated.

Wellacre Technology Academy Trust

Summary of audit findings for the year ended 31 August 2018

Issue	Audit risk	Audit procedures undertaken	Conclusion
FRS 102 Accounting for Pensions Treatment of the academy trust's share of pension scheme deficits	Incorrect treatment of the pension valuation. Financial statements are not prepared in accordance with sector accounting guidance.	We obtained the FRS 102 pension valuation as at 31 August 2017 and assessed the disclosures and accounting entries made by the academy trust. We confirmed that the basis of valuation was appropriate and that the disclosures made in the financial statements were prepared in accordance with FRS 102 and the sector standard as set out in Academies Accounts Direction.	Pension valuation and disclosures in the accounts appear reasonable in line with the valuation received and the Academies Accounts Direction requirements.
Income recognition	Grant/other income not being recognised in accordance with the Charity SORP (FRS 102) recognition criteria and per the underlying funding agreement.	The accounting policies adopted by the academy were reviewed, considering the guidance available in Charity SORP (FRS 102) and the recognition criteria of entitlement, certainty and measurement. A review of grant funding agreements was performed to determine whether the grant income had been recognised in the appropriate period. Discussions were held with management and meeting minutes reviewed to identify any unexpected one-off sources of income and to ensure that the accounting treatment is appropriate.	Income appears to have been appropriately recognised by the academy. The revenue recognition policy appears appropriate and in line with the Academies Accounts Direction.

Wellacre Technology Academy Trust

Summary of audit findings for the year ended 31 August 2018

Issue	Audit risk	Audit procedures undertaken	Conclusion
Going concern	It is the responsibility of the Trustees to assess the ability of the academy to continue as a going concern for a period of not less than 12 months following the anticipated date of sign off. This is a key risk given the current economic climate and pressures on government spending.	We have reviewed the considerations of management including cash flow forecasts and budget reports in relation to the going concern assumptions made.	We concur with the trustees' decision that going concern is an appropriate basis on which to prepare the accounts.
Management override of internal controls	All control systems present the risk that they can be by-passed by senior members of the management team, leading to accounting entries and transactions being made without the need to follow the established systems and procedures	A suitable level of professional scepticism was applied throughout all areas of audit testing. We examined the significant accounting estimates and judgements applied to the accounts for evidence management bias that may represent a risk of material misstatement due to fraud.	No evidence of management override was found during our audit procedures.
Payments made to connected parties	That payments made to related parties are not in line with current guidance and the latest Academies Financial Handbook by being made at cost.	All related party transactions that have been identified have been reviewed to ensure that the most recent guidance has been followed correctly and that relevant documentation has been seen to prove this. Signed statements of assurance have been obtained.	Related party transactions have been agreed to supporting documentation and appropriate disclosures made in the financial statements.

4. Report of significant weaknesses in systems and internal controls

4.1 Introduction

We set out below the significant matters we became aware of during our audit, which relate to the effectiveness of the company's accounting and financial control systems. We have used the following grading system to indicate the significance of the issues we have raised and the priority that we believe should be given to our recommendations.

Rating	Description
High	Should be urgently attended to by the directors and management. These are significant issues that may result in a qualification in the audit report in future periods if not satisfactorily addressed.
Moderate	Issues requiring the attention of the directors and management. Issues ranked as moderate require close monitoring by the board and senior management to ensure timely resolution.
Low	Issues requiring management attention and correction. Issues ranked as low are generally routine in nature and should be resolved by general management. The board and senior management should be aware of these issues to enable monitoring of progress with their resolution. These issues may be reported to management in less detail than more highly rated issues.

Audit finding and recommendation		Priority	Management response
A trustee skills audit had not been carried out during 2017/18. We recommend that one is carried out on an annual basis to be in line with the Academies Handbook.		Medium	Discussed with MW and PB on 07/11/2018

5. Status of audit recommendations from previous year

During the course of the audit we revisited the audit recommendations from the previous year's audit management letter and set out below the status of these recommendations.

Systems and controls – observations in 2017	Update in 2018
The cleaning contract is currently on a rolling contract and has not been re-tendered. It is recommended that the trustees consider re-tendering this contract to consider whether value for money is being obtained.	The cleaning contract has been retendered and the contract awarded to a new supplier. A saving was made.

6. Regularity

There were no regularity, propriety and compliance matters that we became aware of during our audit, which relate to the responsibility to ensure that public money is spent for the purpose intended by Parliament (regularity) and a responsibility to ensure that appropriate standards of conduct, behaviour and corporate governance are maintained when applying the funds under the academy's control (propriety).
